Industry Recognized Credential

Cybersecurity Workforce Alliance

ISSUED TO

Tokunbo Lawal

The Threat Within and NIST Framework
350 Related Workforce Experience Hours

In recognition of your performance in the Cybersecurity Project, The Threat Within and NIST Framework, you demonstrated the ability to analyze real-world cybersecurity scenarios and identify and present solutions to detect and defend against cyber-attacks to industry leaders. Your individual and team efforts, representing multiple cybersecurity roles based on the NICE framework, provided insight and expertise to increase your preparedness for the cybersecurity workforce. Congratulations!
